Learners' Holiday Options

Course Duration: The course includes 25 weeks of study + 8 weeks of holidays (non-consecutive: for example, 2 weeks of holidays at the start and 6 weeks at the end of the course) – **33 weeks in total**.

1-2 weeks at the end of the course are flexible (i.e., may be taken earlier in the course); all other holidays are **FIXED**. Learners may request to take a maximum of 2 weeks of holidays in the middle (after 12 weeks of study) instead of at the end of their course – in which case they must submit a holiday request online via their login.

Christmas Holidays: The school is closed for 4 weeks over the Christmas holidays. Learners must take these 4 weeks of holidays if their course falls during this period. In addition to the Christmas holidays, these learners will have 2 weeks of holidays at the start of their course and 2 weeks at the end (8 weeks total).

If their course does not fall during this period, learners will be given 2 weeks of holidays at the start and 6 weeks at the end of their course. Note: Before a holiday request can be granted, learners must have completed 12 weeks of study and have an attendance percentage of at least 85%. Furthermore, the requested holidays must not conflict with the College timetable.

Please Note:

It is learners' responsibility to follow up on all requests with members of the college.
